

SLSC NRA Approved High Power Rifle Match

Match Report and Results Bulletin

25 May 2019

Match Report

Once again we were blessed with fine shooting weather for our NRA Approved high power rifle match. Attendance was down a bit due to the holiday weekend but we still had eight of the faithful show up for the festivities. Mark once again showed us how to excel with good old fashioned reliable rugged iron sights shooting a fine 444-4x missing the cutoff for an Expert score by only one point. We had enough Marksmen shooting the metallic sighted service rifles to justify a class award which went to Ray Zeigler shooting his M1A. Due to my slightly advanced age I am considered to be a "Grand Senior" by the NRA but I didn't feel that grand after shooting the NMC course of fire on a hot morning even though my score turned out to be the highest for the day. My back is still aching as I type up this report this morning.

Many thanks to Bruce Hildreth who helped us run the match from set up to tear down and to Mark who ran the second relay which gave me the chance to shoot.

Our next high power rifle match will be the NRA Approved High Power Sporting Rifle match on June 22nd. Nearly everyone has a rifle that can be used in this match, the target is large and you are in position with the rifle when the order to FIRE is given. It is a great introduction to HP rifle competition for the newer shooter but still a challenge for the more skilled. More info will be forthcoming as the match date nears. We hope to see some new faces join us.

Dick Chadwick

Results Bulletin

Service Rifle (Metallic Sights)

Name	Class	Rifle	Standing	Sit/Kneel	Prone	Prone	Aggregate	Place	Special
