

**SLSC High Power Sporting Rifle Match**  
**22 June 2019**  
**Match Report**

Fridays high winds were just a memory as six of the usual suspects showed up to shoot and were joined by a new to our range Junior shooter from Calvert County, Cody Moore, for some spirited competition.

The Swierczeks led the way shooting iron sighted rifles with Jake coming out on top of the list as Match Winner with his 295-7x . Jake's prone rapid fire score set a new SLSC range record for the high power sporting rifle event using metallic sights. Mark's prone slow fire score tied the existing range record for the HPSR metallic sights course here at SLSC. Rob Boyd put together an AR-15 to shoot this event with and shot the highest optical sighted rifle score today. An Expert classification card seems more in reach for him with each match he shoots this year.

Our new junior, an air rifle team member in Calvert High's NJROTC program, shot a AR-15 in this his first ever high power rifle match and shot a fine Sharpshooter class score. We hope to see him again on our firing line.

Our next high power rifle match will be the popular Vintage Military Rifle match to be held on July 27<sup>th</sup>. More details will be forthcoming as the match date nears.
