

Sanner's Lake IR5050 Rimfire Benchrest Match Report
5 September 2021

It was a beautiful Labor Day weekend, slightly humid with some breezes but overall pretty darn nice as six shooters stepped up to demonstrate their rimfire prowess at the September IR5050-style match at Sanner's Lake. Gusty breezes notwithstanding, this was the highest number of scores in the 230's and 240's at an Sanners rimfire benchrest match that I can remember, a testament to the skill and dedication of the shooters who keep coming out to test themselves and their equipment. Greg Banta and his Vudoo V-22S set new records once again with a high individual score of 249-14X and a high combined score of 745-30X as he creeps ever closer to that elusive perfect 250/750! Meanwhile Jeff Potts saw his combined score creep closer to that magic 700 mark with an excellent 695-10X combined, while newcomer Sean Poppert saw his scores increase dramatically with each string, ending with a very strong individual score of 240-11X, the highest score I can remember for a 10/22, or any semiautomatic rimfire rifle for that matter!

See all the scores and pictures from the match below.

Our last match of the year will be on October 3rd...get your rifle tuned up and see if you can put it all together one last time and beat your personal best for 2021!
