

Sanner's Lake IR5050 Rimfire Benchrest Match Report
October 16th, 2022

It was a beautiful fall afternoon at the rifle range and four shooters took advantage of the excellent conditions to put rimfire rounds downrange at the last IR5050 match of the year at Sanner's Lake. The crisp air and light-to-nonexistent winds meant the potential was there for decent scores, and although no records were broken, the scores near the top were high and the action was tight. In the end, once again, Greg Banta and his Vudoo emerged at the top of the heap in both the individual and combined categories, but the battle for the remaining top spots required a few X-count tie-breakers to determine the final standings! Further down the list, David Harrel made a return after a long absence and saw his scores ratchet up with each string. Likewise, new shooter Marlin Jefferson saw things start to click as he slowly got the hang of the precision benchrest game.

See all the scores and details below.

Thanks to all of the participants in the various rimfire matches at the Sanner's Lake rifle range this year for keeping the level of competition high and, more importantly, fun. We'll pick it up again in the spring of 2023; keep an eye on the club calendar for details. See you next year!
