

SLSC High Power Sporting Rifle Match

15 April 2017

Match Report

Although it was raining when I first got to the range to start set-up things cleared off and it was a good day for shooting. Unfortunately it was also a good day for yard work, spring school break and getting ready for Easter too, so the turnout was not too good. And I had high hopes since we would not be going head-to-head with the bowling pin shooters as we usually do on the fourth Saturday we usually shoot on.

Most of the usual hard core gang was there and we had a new shooter, Matt Contreas, a Navy man stationed here at Pax River, who got a baptism by fire in his first high power rifle competition and seemed to enjoy the experience. He will be here for a couple more years and we hope to see him on the firing line again. Paul once more led the way with a fine 300-3x closely followed by Mark with a 297-6x which included an 80-5x in the slow prone stage. Marks shooting was especially notable since he was using iron sights.

The usual thanks to the competitors for their help in setting up and breaking down the range, and to Mark for running a second relay enabling me to shoot. Our next match will be the NRA Approved High Power National Match Course on May 27th. More details to follow in a couple weeks.
