

SLSC High Power Sporting Rifle Match
28 April 2018
Match Report

Winter finally left Southern Maryland and we were blessed with warm weather for a welcome change for our first NRA Approved match of the year. The usual names topped the leader board even though they both were disappointed in their performances. Mark edged Robert Bond by one "x" for Match Winner honors and Paul had the high metallic sights score. Roberts score was an Expert class score which is notable since he carries a Marksman card, but I suspect a higher classification card will be in his mail from the NRA before much longer at this rate.

Tom Vandenberg joined us for his first try at this rifle game and had a good time. We were happy to have him shoot with us and hope for a return appearance at our May match.

Our next high power rifle match will be the always challenging 50 shot National Match Course which will be held on May 26th. Get those newly allowed scopes mounted and zeroed in and join the fun. The 5 shots we allow for sighters is usually not enough, but was meant to be just a final check anyways. More details on that match will come out as the date nears.

Dick Chadwick, Match Director
