

Sanner's Carbine Classic Expeditionary Match Report

08/31/2019

The return of the carbine matches to Sanner's Lake Sportsman's Club was a resounding success! The weather certainly was hot but the shooting was hotter for many.

This match tried to bring two factions together to compete: the USPSA side and the IDPA side, and in the end the victor was certainly the competitors. Combining some of the best elements of both types of matches meant every competitor was challenged and most seemed to be satisfied with the overall match when the rifles cooled and the dust finally settled.

Being the expeditionary match for this series meant that the most important thing (besides having a good match and being safe) was receiving suggestions on how to make this match better, and good advice was received in spades. Suggestions for the next match were heard loud and clear which should help make this series better and better...although the cries to make it an easier match with less kneeling will fall on deaf ears!

Special recognition must be given to Jordan Bowling for not only being the High Lady but also High Junior and youngest competitor to shoot!

High Senior goes to Mike DiZebba!

Included below is the link to the scores posted on Practiscore as well as a couple photos snagged during the match.

The next match will not be until December 21st, so get plenty of practice in! See you then.

-Jake Swierczek and Joe Maida
