

Sanner's Lake Silhouette Match Report – August 2022

It was a cloudy and humid afternoon with a threat of sprinkles but that didn't deter the three shooters who made it out to the range for the August silhouette match at Sanner's Lake! Sadly, one shooter had to depart the range early due to a last-minute snake-in-the-house emergency back at the home front leaving Greg Banta and Mark Swierczek to duke it out for steel egg supremacy. After making some critical sighting-in adjustments (due to the hot/humid weather?), it was Greg and his Vudoo V-22 once again emerging on top with a total of 38 eggs dropped. Meanwhile Mark found out that a rushed sighting-in isn't a recipe for success, especially at the longer distances, leaving him in second place with 32 eggs hit. Couldn't blame it on the wind either, as it was dead calm all day! See all the scores and details below:

Place	Name	Rifle	40m	60m	77m	100y	Total
1	Greg Banta	Vudoo V-22	10	10	9	9	38
2	Mark Swierczek	Anschutz 1416	10	10	5	7	32

Note: ties broken by distance: high score at 100y, followed by 77m, 60m, and finally 40m

Next match is on September 18th, which will be the second to the last match of the year, so if you want to try your hand at the steel egg challenge be sure to get your rifle dialed-in and join us at the range before the season comes to an end!
