

Sanner's Lake Silhouette Match Report – June 2022

Gusty winds and shared rifles were the theme of the day at the June silhouette match at Sanner's Lake! After several strings of shooting, Greg Banta and Mark Swierczek were locked in a battle for steel egg superiority, cracking yolks one after another and making it look easy using Greg's Vudoo V-22. With the race all tied up going into the final series of eggs the discussions about tie-breakers suddenly ended as Greg stared at a 60m egg that didn't drop on the final five, relegating him to second place. Meanwhile in the race for third, new-to-silhouette and junior shooter William Heisler used his shared 10/22 (and some undoubtedly good coaching from Jeff Heisler!) to drop 33 eggs and cruise into third place, an excellent finish ESPECIALLY considering the wind gusts that were blowing the bullets around all day!

Scores and details from the match:

Place	Name	Rifle	40m	60m	77m	100y	Total
1	Mark Swierczek	Vudoo V-22	10	10	9	10	39
2	Greg Banta	Vudoo V-22	10	9	10	9	38
3	William Heisler	Ruger 10/22	10	9	6	8	33
4	Jeff Heisler	Ruger 10/22	10	8	5	4	27

Note: ties broken by distance: high score at 100y, followed by 77m, 60m, and finally 40m

Thanks to those who came out with their rimfire rifles to see how they could do on a less than stellar day (from a wind perspective...otherwise it was beautiful!). The next match is on 17 July, so grab your .22 and join us at the range to knock down some steel!

Pretty small targets at 40 meters:

Definitely small targets at 100 yards!
