

## Sanner's Lake Woodstock Match Report – August 2019

It was a classic late summer muggy day in southern Maryland but that didn't stop several new shooters from showing up with old guns to join the old shooters with old guns at the August Woodstock match at Sanners! No new records were broken this time around since this match was more about getting untried/untested guns on paper, but when the smoke settled everybody was (mostly) in the black by the end of the day. Mark Swierczek's M1A once again came out on top in both the individual and combined score categories, but the real story was the battle for second place between the Garands of Pat Farrar and David Zeigler! In the combined score category David nabbed second with a strong 256-1X ahead of Pat's 253-2X; however, the roles were reversed in the individual category with Pat taking the win with an 88-2X, just one bullseye over David and his 88-1X!

Thanks to everybody for coming out and supporting the match, especially the new shooters showing patience and persistence getting dialed in and on target. The next Woodstock match is on September 19<sup>th</sup>...see you then!
