

## Sanner's Lake Woodstock Match Report – July 2019

The searing summer heat and drenching humidity didn't discourage three diehard vintage rifle shooters from making it to the range for the July Woodstock match at Sanners! The shooters and the rifles were sweating bullets all afternoon but when the shimmer settled, two records were broken, proving that, if the shooter is up to the task, a vintage rifle can handle the heat! The Springfield M-14 of Mark Swierczek came out from the back of the safe, making its first appearance at a Woodstock match and proving that while it may be a wooden-stocked battle rifle, it's also a precision machine, putting down a sizzling 100-5X on the last string along with a three string total of 295-11X to set new Woodstock match single and combined score records! Asher Maroot and his Winchester Garand saw his score increase as the temperature climbed and put it all together on the last string with an excellent 91-2X, while Doc Holliday spend the day twiddling with his sights as he worked the lever on his Henry sending big .45 caliber slugs downrange.

Thanks to the diehards for ignoring the weather and putting down scores approaching the heat index! The next Woodstock match is on August 15<sup>th</sup>...maybe it will be cooler...or not...but either way the shooting promises to be scorching!
