Sanner's Lake Woodstock Match Report – September 2022

Crisp late summer/early fall weather was on tap for the September Woodstock match at Sanner's Lake, and the great weather brought out the shooters, filling the firing line with classic vintage rifles from nearly one end to the other. In addition to the regulars, we also had two new Woodstock shooters on the line; both acquitted themselves well and hopefully they'll be back to do battle once again now that they have a taste for the challenge (and fun) of vintage rifle competition. As far as results go, Jonathan Ramsey continued to put his Schmidt–Rubin to the test, and although a perfect single-string score once again eluded him (with frustrating last shot flyers on two strings in a row!), his 296-5X combined was enough to break the previous Woodstock match record (which has stood for six years) in the combined score category! Congratulations to Jonathan! Right behind him was Greg Banta and his slick '03 Springfield taking second place with a fine 277-4X, and the overall standings were similar in the individual score category. See all the scores and details below. Thanks to everybody who took the afternoon off and made it to the range to take advantage of a gorgeous Southern Maryland late summer day to shoot their classic battle rifles. The next Woodstock match will be on October 20th; it's the last match of the year, don't miss it!
